**PUBLIC HEARINGS**

## Resolution 16-172

Held Public Hearing, approving and authorizing the execution of a Development Agreement by and between the City of Council Bluffs and Pottawattamie County Development Corporation. Heard from Julie Stavneak, Developer, 142 West Broadway, Andrew Conzett and Eric Westman of Alley Poyner Macchietto Architecture, 1516 Cumming Street, who gave a presentation. Ringgenberg mentioned giving guarded approval noting concerns with the financial aspect of the project. White and Head moved and seconded approval. Unanimous, 5-0 vote.

Resolution 16-147 (4A)  
(postponed from 6/13/2016)

Head and White moved and seconded approval, determining an area of the city to be a blighted area, and that the rehabilitation conservation, redevelopment, development or a combination thereof, of such area is necessary in the interest of the public health, safety or welfare of the residents of the city; designating such area as appropriate for urban renewal projects; and adopting Amendment No. 4 to the Playland Park Urban Renewal Plan. Heard from Deb Petersen, 215 South Main Street, on behalf of her clients who encourage development and overall use of TIF to enhance development. But the concern is there seems to be no obligation or guarantee to build the second office building and there's only one tenant for office building #1. Petersen adds there's currently available office space in downtown Omaha and Council Bluffs. Other concerns are that the office building won't be filled right of way, jobs are what we want; and current businesses within the Co. Bluffs area are prohibited to transfer to the new development. Petersen continue noting the TIF is calculated on the entire project, and on one office building at 75% for 20 years, if it goes forward and pays its taxes, it will pay for other expenses; on the other hand Petersen referenced the Old Midlands Mall/Mall of the Bluffs where taxes went down. Petersen requested Council to review the documents carefully; and asked for all comments be recorded on Items 5C and 5B also. Watson questioned the portion of the agreement Ms. Petersen spoke of, City Attorney Wade indicated it was addressed in Exhibit H, Section 7.1, Paragraph A. Heard from the following: Jay Noddle, 2285, South 67<sup>th</sup> Street, Omaha, we're really excited; I think we can make a difference and it's a fantastic project. If you choose to do this, we're going in with all the gusto we have. If you don't we're up against deadlines, pricing and financial commitments. We take a lot of pride in what we do, we've had a chance to advance and we hope you see your way to approve the parking structure; if not, we'll accept it and move on. Thank you for your time. Heard from Bob Mundt, 149 West Broadway, CEO of the Chamber of Commerce, who highlighted the letter of support submitted by the Chamber. Council Member Head indicated she wanted to see a project like this since she ran for Council, we do have the eye of Omaha and it's a real exciting project.

A lot of time and hard work has gone into the project Council Member White added, it will add a lot of tax dollars in time; and be our front door to the City. I have always been in support, and have trust and good faith in the project. Council Member Watson mentioned he's been a big proponent of subsidy of the west end, my honorable colleagues and Mayor represent the people; and as we move along I will support the project without the particulars of the matter. We all have thoughts in the process, and I will insist on an honorable system, the best practice Watson added. How we best work together is the best for Council Bluffs; you have my assurance Head states, Walsh concurred. Ringgenberg mentions it's important to address the urban renewal area first, of which the parking garage is just one element of many priorities; listing bond debt to finance projects, and names levee accreditation, funding the Police Headquarters and the obligation to West Broadway, noting the CIP provides economic revitalization to fulfill funding for the Playland Park Development. I have to think of the tax payers and disagree with my colleagues. Mayor Walsh shared his views opposite of Council Member Ringgenberg's concerns. Council Member Sandau shared his concern of the City owning the garage after 20 years; adding it would be a tragedy if the project failed. Sandau hoped the item could be delayed for another two weeks.

Voice Vote: 3 Ayes; 2 Nays (Ringgenberg, Sandau).

Resolution 16-174

Held Public Hearing, making final determination on potential transfer of interests in real property to River's Edge Parking, LLC and taking an additional action approving and authorizing execution of the Parking Facility Lease Purchase Agreement in the amount of not to exceed \$17,000,000 for the lease purchase acquisition of the River's Edge Parking Facility. City Clerk Worden mentioned one notice in opposition was received by email on July 8, 2016. White and Head moved and seconded approval. Sandau mentioned, because I'm voting no on this tonight doesn't mean I won't vote "yes" in the future. Ringgenberg echoed Sandau's comments, I'd also like more time to iron out a few details on management, how much the City will pay for operations, and research the City's ownership obligations. Watson thanked the Council and Mayor indicating the project is in the best interest of the City; mentioning being an integral part of the process in principle against the project. Sandau mentioned he'd continue to work with Mr. Noddle and do his due diligence, Noddle nodded in concurrence. Voice Vote: 3 Ayes; 2 Nays (Ringgenberg, Sandau). Please note Ms. Petersen's comments on Item 4A, Resolution 16-147.

Resolution 16-175

Held Public Hearing, to vacate and to dispose of that portion of the north/south right-of-way abutting Lot 14, Block 3, Rohrer's Park Second Addition and part of Lots 6 and 7, Ross Place. Heard from Larry Castillo, 1003 N. 8<sup>th</sup> Street, against the vacation. Heard from Trent Harvey, 1016 Military Avenue, applicant, who indicated he'd like to work with the neighbors. Head requested Don Gross speak to the issue, Mr. Gross indicated Council could vacate ½ the alley to Mr. Harvey and ½ to Mr. Castillo. Heard from Alisa Castillo, Illinois, who requested the item be tabled. Mayor Walsh mentioned the City is laid out on a grid of streets, White added, as a Commissioner, the City is trying to sell City owned property that adjoins property owner's property that could be utilized; and this street has never been improved. I would like for either people on either side to purchase the property and move on. White continued by saying she's in favor of the vacation, noting we don't maintain alleys any longer. Watson concurred with White, we need to remove the liability from the tax rolls, and if this was the only access to the property it would be a different situation. Ringgenberg also concurred with his colleagues; adding Community Development routinely goes through a process and notifies neighbors of adjacent properties. White and Head moved and seconded approval. Unanimous, 5-0 vote.
