## Keep Council Bluffs Beautiful

### Volunteers needed for City-Wide Cleanup

Now that the snow has melted, litter is visible everywhere and it is ugly!

Help us clean up Council Bluffs. Any place you see trash is a great place to start. That might be a parking lot, a fence along the street, an empty lot or roadside. Call Keep Council Bluffs Beautiful at 328-4974 to find out specific locations that really need cleaning and for trash bags.

### Recycle on the Go

### Litter Index Training

The Litter Index is an evaluation tool that rates the degree to which an area is littered using a scale of 1 to 4 (no litter to extremely littered). Volunteers will be trained in this easy assessment and then sent out in groups of 3 to 4 people per vehicle to designated areas in the city. It would be helpful if you can volunteer as a group. Each group will provide a car and driver plus at least 2 people as litter observers. Allow for at least 2 hours or more of litter observation diving time after the training.

Litter Index Training  
 Saturday, May 1, 2010  
 8:00 a.m. - 8:30 a.m.  
 Iowa Western Community College  
 Dodge Hall, Room 1006

**Going Green**

[Recycle on the Go Toolkit](#)  
[Commit to Clean CB](#)

Make your next event greener by using Clear Stream portable recycling containers. Call the Council Bluffs Recycling Center for more information at 328-4985.

**Lake Manawa Clean Up**  
**Sunday, May 2, 2010**  
**1:00 - 3:00 p.m.**  
**Shelter #6 by Dream**  
**Playground**

Pastries & Coffee served

Beautiful Litter in America  
Study*

---

*Go green at home:*

Use smart power strips. They save money and electricity when they automatically turn off your electronic items and gadgets.

---

*Go green at work:*

Recycle your old electronics, batteries and ink cartridges. Turn off lights in spaces that are unoccupied. Keep things digital whenever possible to save paper.
